SUCCESS **STORIES**

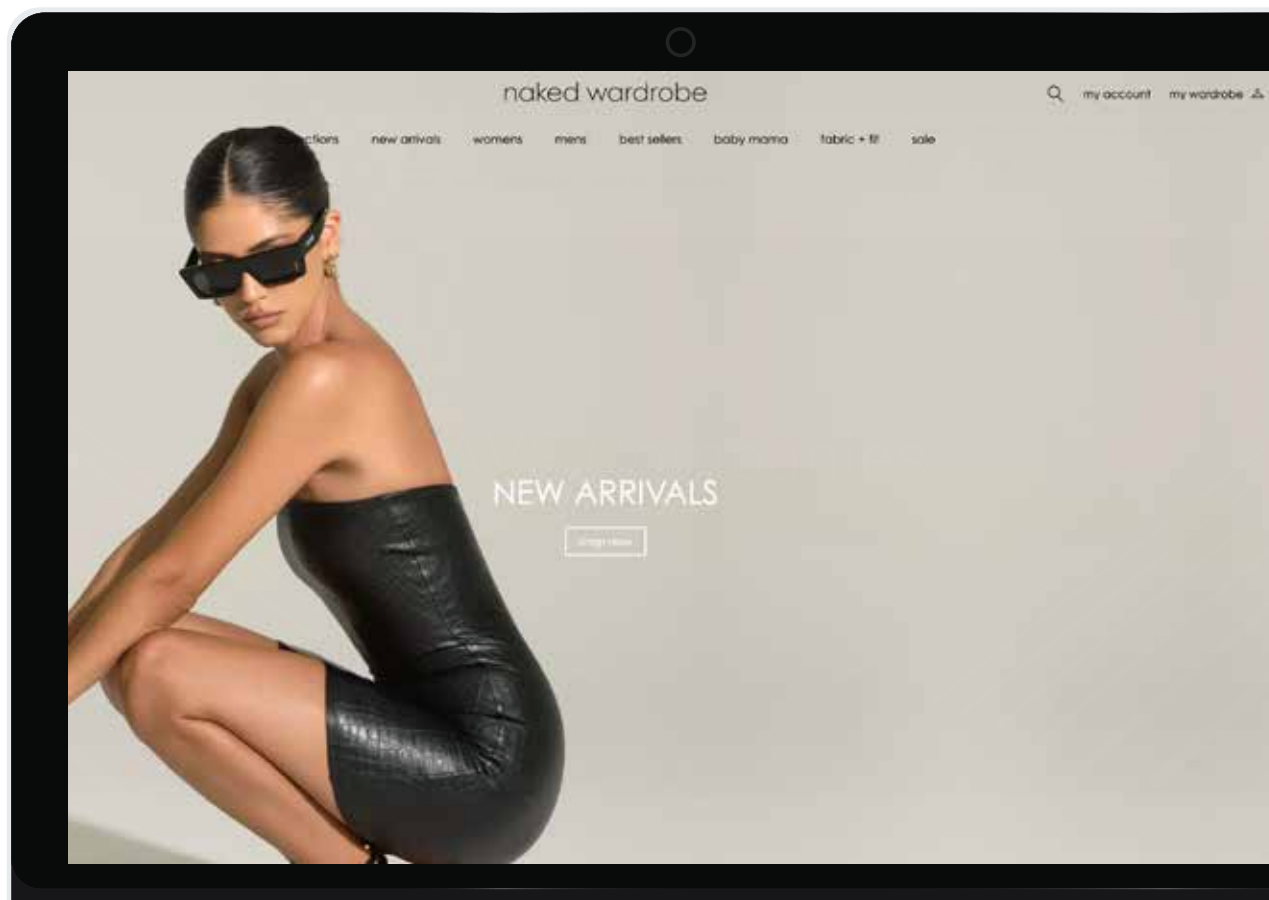

NAKED WARDROBE

Naked Wardrobe is a fashion forward line created with the intention of celebrating women of all shapes and sizes. Naked Wardrobe's dedication to fashion, style, and making our clients look and feel great is thought out carefully with each piece that is hand selected and designed.

Folio3 successfully implemented NetSuite SuiteSuccess Apparel, Footwear, & Accessories Standard to streamline and automate day-to-day financials, procurement, manufacturing, inventory, sales, and CRM functions.

Folio3 also developed a specialized custom Cut-Make-Trim solution which allowed them to streamline production, planning, and scheduling processes.

With Folio3's expertise, Naked Wardrobe successfully migrated all of their back office operations to from their legacy systems to NetSuite along with a fully tailored Cut-Make-Trim solution that delivered greater visibility and control into the production process.

SUCCESS STORIES

BWT

BWT is a leading water technology company in Europe with over 2 decades of experience in water purification.

The technical expertise in all areas of water purification makes BWT unique. In-house research and development departments, and the expansion of production facilities throughout Europe, have contributed significantly to the progress made, with BWT's sights permanently set on achieving maximum safety, hygiene, and health in our daily contact with water, the elixir of life.

Folio3 successfully deployed NetSuite SuiteSuccess Manufacturing Premium Edition and enabled BWT to leverage the power of NetSuite to streamline and automate workflows from day-to-day financials, procurement, manufacturing, and inventory management to sales and CRM.

Folio3 also developed tailored custom features such as:

- Custom Revenue Recognition
- Custom Income/Expense Statement Report

With Folio3's help, BWT was able to consolidate all their back office processes from legacy systems into NetSuite, creating a robust, scalable platform for managing their overall operations.

SUCCESS STORIES

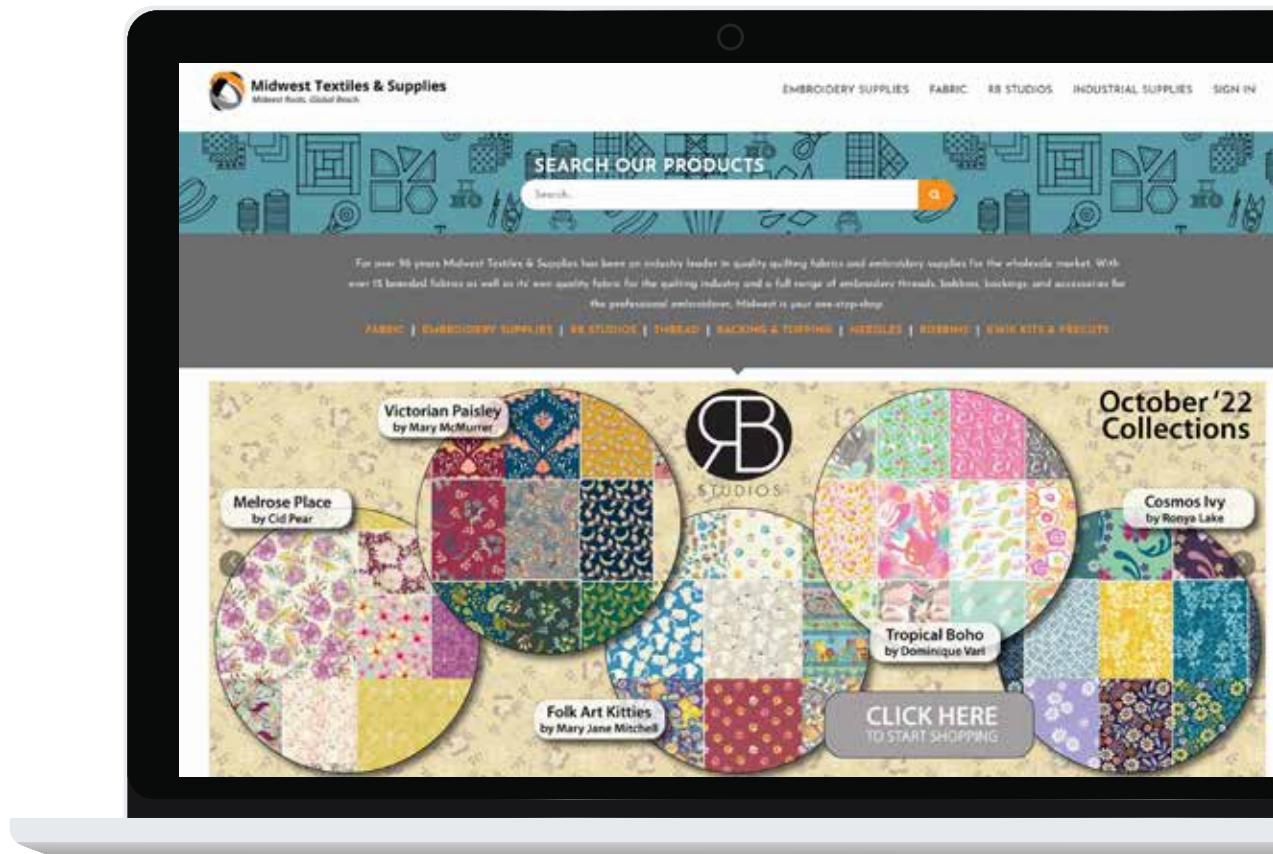

MIDWEST TEXTILES

Midwest is a veritable “one-stop shop” offering 15 branded fabrics, its own quality fabric, embroidery threads, bobbins, backings, and professional embroidery accessories. From fabric to thread to snips, Midwest has one of the largest in-stock inventories nationwide and are ready and able to meet the needs of their customers.

Folio3 successfully migrated Midwest’s back office operations to NetSuite SuiteSuccess Manufacturing Standard Edition to seamlessly automate key processes like day-to-day financials, procurement, manufacturing, inventory management, sales, and CRM. Folio3 also built an additional customization allowing users to look up purchase histories at the Sales Order level.

- Automate key processes to streamline complex business flows.
- Gain full visibility into inventory at different levels.
- Easily track costs and profitability at each level and enable data-driven decision making.

With Folio3’s expertise, Midwest Textiles was able to easily move their back office operations to the much more robust and scalable NetSuite ERP, thereby streamlining key processes and operations within a single system.

SUCCESS STORIES

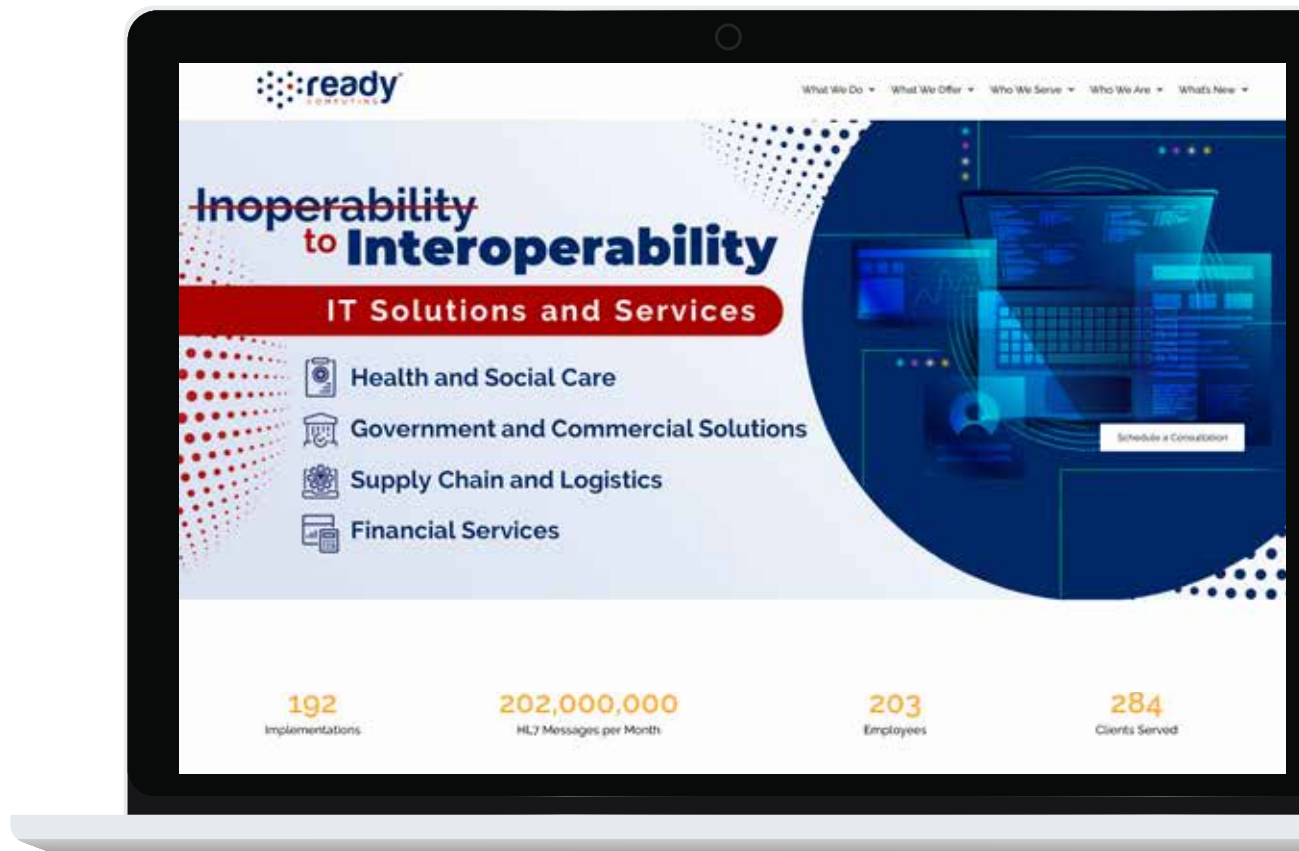

READY COMPUTING

Ready Computing specializes in implementing health information exchanges for federal, state, and commercial entities. Headquartered in New York City, and strategically located across the U.S., Canada, and Europe.

Folio3 deployed their NetSuite Services Standard Edition ERP system to automate and streamline functions like day-to-day financials, procurement, sales, and CRM function.

- Close accounting periods much faster.
- Utilize data driven decision making with insights into projects.
- Benefit from time and expense entry, billing, and reporting.

Thanks to Folio3, Ready Computing was able to leverage NetSuite's functionality to automate key processes, streamline workflows, and make data backed decision with clear visibility into the business.

SUCCESS STORIES

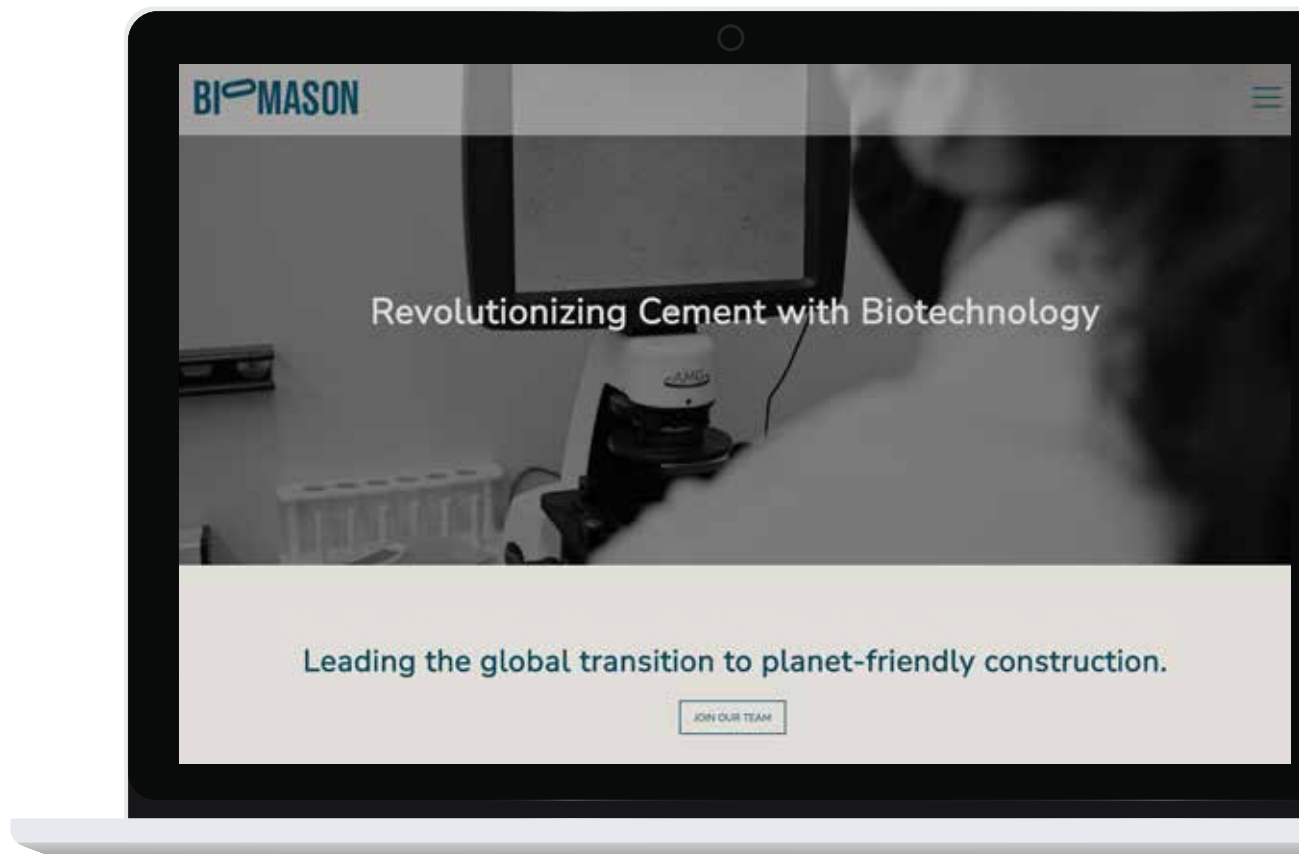

BIOMASON

Based in Research Triangle Park, North Carolina with operations in Denmark, Biomason are disrupting the construction industry with biotechnology. With a unique team of architects, engineers, biologists, materials scientists, and production associates, Biomason are building global brands in pursuit of low-carbon buildings.

Folio3 successfully implemented their NetSuite SuiteSuccess Services Standard Edition enabling them to automating key reporting functions like day-to-day financials, procurement, sales, and CRM functions.

- Faster closing of accounting cycles.
- Data driven decision making with insights into projects.
- Benefit from time and expense entry, billing, and reporting.

With Folio3's expertise, Ready Computing was able migrate from their legacy systems to NetSuite with ease and automate key processes, streamline workflows, and make data backed decision with clear visibility into the business.

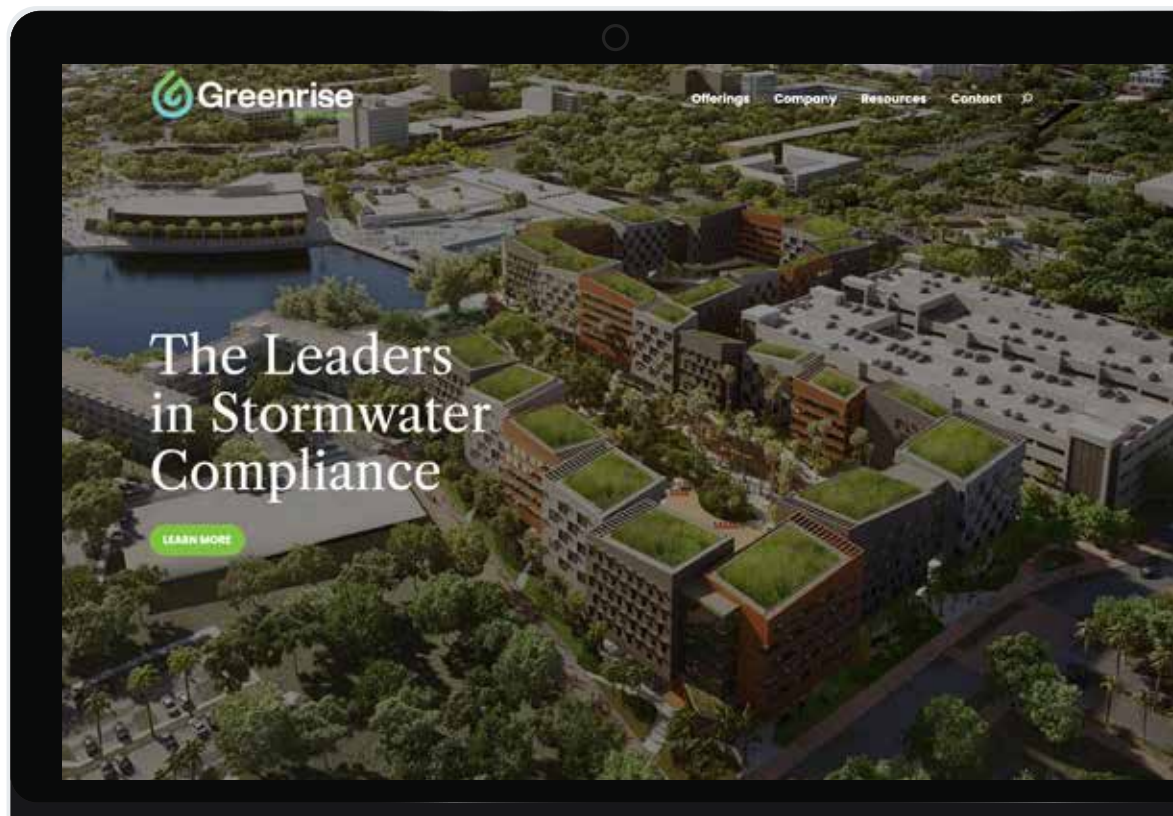

GREENRISE TECHNOLOGIES

Located in Tennessee, Greenrise Technologies is a full-service green infrastructure firm that delivers innovative, reliable and precise engineered turnkey systems. Greenrise provides solutions for Greenroofs, Stormwater Management, Growing Medium, Componentry, and Maintenance.

Folio3 successfully deployed their NetSuite SuiteSuccess Manufacturing Standard to enable them to streamline key business functions like financials, procurement, inventory, manufacturing, sales, and CRM functions.

Folio3 also developed key customizations for Greenrise to add specific features, integrations with existing systems, Custom Revenue Recognition, and other automations.

With Folio3's expertise, Greenrise was able to migrate all back office functions from disparate systems and consolidate them with the power of NetSuite into one seamless system.
